John Mayo of BMO Nesbitt Burns is helping to change lives and build futures because "I believe in supporting charities at the local level. Donating to CJH is the most effective way to ensure, dollar for dollar, those funds are getting to the people who need it."

The Campaign Goal of \$500,000 has enabled Couchiching Jubilee House to purchase a new home. All donations go directly to the purchase of a new home thanks a grant received from the Trillium Foundation to cover all Campaign costs.
